Nuura005@gmail.com | 07470730752 | [GiHub](#) | [Portfolio Website](#)

Specialising as a Junior Cloud Engineer, I have developed a comprehensive skill set in AWS, CI/CD, Docker, Git, and Terraform, complemented by ongoing self-education in Kubernetes. My approach combines practical experience with a passion for continuous learning.

KEY SKILLS

AWS | Infrastructure as Code (IaC) | Docker Containerisation | HTML/CSS/JavaScript | Linux | Git | Terraform | Python | Monitoring (CloudWatch) | CI/CD Tools | Kubernetes | Problem Solving

WORK EXPERIENCE

Junior Cloud Engineer | QuickStart Solutions | 02/2023 - Ongoing

- Resolving production issues to maintain application availability and performance.
- Ensuring security with IAM and monitored infrastructure via CloudWatch.
- Designing, building, and managing cloud-based applications and services.
- Utilised Docker for containerisation, GitHub Actions for CI/CD and Terraform for IaC.
- Cloud infrastructure optimisation and cost management.
- Developing and maintaining disaster recovery and backup strategies.

Business Manager | Ministry of Justice - Civil Service | 12/2020 - 02/2023

- Led diverse teams, enhancing collaboration and ensuring top-tier public service delivery.
- Monitored performance using management systems, pinpointing potential issues.
- Provided IT financial guidance, **cutting costs by 10% and boosting productivity by 15%.**
- Collaborated with NPS & NOMS colleagues, overseeing SLA's and managing business continuity and data protection.

PROJECTS

[Portfolio Website](#) | AWS (EC2-hosted), Docker, Git, Terraform, HTML, CSS. Implemented CI/CD pipelines using Github Actions and Docker. Deployed infrastructure with Terraform.

[Game of Thrones Quiz App](#) | HTML, CSS, JavaScript. Interactive quiz for fans with multiple-choice, score tracking, and save score features.
